

We are currently looking for donated items for the annual fundraising gala “Reach for the Stars” happening June 6, 2024, at the Reser Center for the Arts.

This single event, featuring a silent auction, helped fund over one third of our annual budget last year thanks to many wonderful donors. Today I am requesting a donation to this year’s silent or live auction.

Washington County Kids is a non-profit 501©(3) [Federal Tax ID 35-262947] dedicated to this mission:

To increase access to quality out-of-school-time programs that equip Washington County children and youth for success.

Your contribution will help us pursue sustainable funding for afterschool & summer youth programs, provide continuing education training for providers, and child behavioral information for parents.

I have attached the donation form and would love to speak with you further about this opportunity.

Thank you for your consideration,

Washington County Kids Volunteer

About Washington County Kids

Founded in 2009, our vision is one where all children can reach their full potential. WCK fills an important need as the only county-wide coordinator serving after-school and summer programs.

The second most populated Oregon county, Washington County includes over 98,000 children ages 5-18. We serve as a liaison to the county’s out of school providers and facilitate networking, educational opportunities, share best practices, and foster collaboration among providers. We are also an ongoing advocate for sustainable funding to provide access to early learning, after-school, and summer programs for county kids.

WCK is a 501©(3) non-profit, governed by a dedicated Board of Directors and many volunteers who work together to promote and support sustainable funding for afterschool and summer youth programs. To get involved or find more information, please visit: www.washingtoncountykids.org
